Dear FCC:

i want to let you know that i think it is unfair charging extra fees for the universal service fund. i currently own a tracfone that is only to be used in an emergency. we travel with it on our vacations and also when my husband a coach of a wrestling high school team travels out of the area, knowing we have it incase of trouble on the road is comforting. it doesn't make sense to charge extra for use. please rethink this policy change.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,
